

Wheel Hardware Kit; TPMS

D757-0003A
D757-0004A
D757-0005A
D757-0006A

This Dinan Wheel Hardware Kit contains TPMS sensors & valve stems that are a direct replacement for your vehicle.

NOTES:

- Refer to the chart below. Verify that you have the correct kit and sensors for your vehicle.
- It is always prudent to match the new sensors to your existing sensors, to ensure compatibility. This is especially important for vehicles produced at or near the production break dates, as the info provided by BMW may not match what was installed on your vehicle.
- Do not use the Dinan sensors if they do not match your existing sensors. Contact Dinan for assistance.
- The valve stems included with these sensors are "standard" length. Some wheels designs will require longer valve stems for proper sensor fitment. It is vital that the technician review the sensor assembly after it has been tightened on the wheel and confirm proper fit. Longer valve stems are available from your BMW dealer if needed.
